guessed_bagweight	None	▼	TAKE A GUESS. How many pounds does your bookbag / backpack weigh? Numbers only.
actual_bagweight	None	▼	USE THE SCALE. How many pounds Does your backpack weigh? Numbers only.

## ***Left-Eyed and Right eyed-ness***

When you pick up a pencil or pen and write, what hand do you typically use?

People are also left-eye dominant or right-eye dominant. Which one are you? Here's how to find out:

Hold your hands in front of you like the picture.

Find an object about 10-15 feet away. Make a **small** space to look through.

Now, close your right eye, keeping your left eye open. Can you still see it?

If so, then you are **left-eye dominant**.

If you can't see the object, open your right eye and close your left eye.

Can you see it? If so, then you are **right-eye dominant**.
